Summer 2024 Program and Operations Fellow (100% Remote)

Description

We are seeking an organized and responsible student leader to join our team this Summer.

The Sustained Dialogue Institute is a non-profit organization dedicated to improving challenging relationships and coming to action in intergroup conflicts that arise in communities around the world. We work with individuals, communities, college campuses and organizations to build relationships, promote inclusion, and address social justice issues. Our team is composed of passionate and dedicated professionals who believe in the power of dialogue to bring about positive change.

Our mission is to develop everyday leaders who engage differences as strengths to improve campuses, workplaces, and communities. Our goal is to transform relationships to design change in the world and to equip the next generation of leaders with tools to create inclusive workplaces and communities.

Our Process: Rooted in the conflict resolution work of senior Middle East diplomat Hal Saunders (who served under five different presidential administrations, was a key drafter of the Camp David Peace Accords, and Assistant Secretary of State, and is featured in the movie *Argo!*), Sustained Dialogue® is a five-stage process that (1) transforms relationships in order to (2) design community change.

As a dynamic, creative, and small nonprofit, SDI offers a unique internship experience. Interns/Fellows work closely with upper-level SDI staff to deliver mission-based work that contribute to their personal growth and development.

Ideal candidates will be passionate about fields including: civic engagement, youth dialogue, diversity, equity and human rights, and conflict management.
